All ballet slippers need to have the draw string knotted, cut, and the ends tucked inside the shoe.

All buns must be secured with bobby pins and a hairnet that matches the student's hair color.

All tap shoes with ribbon ties need to replace the ribbon with black elastic sewn in a loop so the shoes can be slipped on without tying a bow.

Tights must be dance tights, not nylons or dress up tights, and may be purchased from a local dance retail store, online store, or right here at the studio. Our tight inventory will be increased May 11-18th leading up to picture day to meet your needs.
