

## **Miss McKayla: Office Manager**

Miss McKayla's passion for dance began at age 3 and grew as she trained in a wide range of styles, competed locally and nationally, and even auditioned for America's Got Talent with her team!

After folk dancing and ballroom dancing in college she had a few years away from the dance floor and found her way back to classes at Spotlight in 2021! She began her role as Office Manager in 2022, and has loved creating a home for dancers at Spotlight.

Her broad dance background allows her to confidently answer questions and help families find the perfect classes for their needs.

As SDC's Office Manager, McKayla is dedicated to making you feel right at home. Whether you're a new family exploring classes or a seasoned dancer settling into a new routine, she's here to support you every step of the way.

When she's not helping dancers and their families, McKayla enjoys taking dance, yoga, and Zumba classes, hiking with her husband and three kids, and exploring local art and theater. A lover of creativity in all forms, she also listens to audiobooks and experiments with new recipes. McKayla can't wait to welcome you to Spotlight Dance Center!
