All ballet slippers need to have the draw string tied, trimmed, and the ends tucked inside the shoe.

All buns must be secured with bobby pins AND a hairnet that matches the student's hair color.

All tap shoes with ribbon ties need to replace the ribbon with black elastic sewn in a loop so the shoes can be slipped on without tying a bow.

Tights must be dance tights, not nylons or dress up tights, and may be purchased from a local dance retail store, online store, or right here at the studio. If you plan to purchase through us don't wait as quantities on hand are limited. We suggest purchasing 2 pairs of the tights your dancer needs in case one get a tear, snag, stain, etc.
